So, this chap was done by goddess0music, many thanks to her for helping out translating, even more thanks for getting it done in a day. It's her first, but I think it turned out pretty good.

So yeah, thus concludes volume 28 of Ah! My Goddess. Don't expect v29 anytime soon, I don't think the volume is out yet. Of course if u pester lantis enuf u might be able to convince him to translate from the issues (I think they're bi-weekly...maybe...iunno).

Thx to everyi who helped, fitajig for scans, lantis kl_3141 & goddess0music for translating (kl xlated a chapter drunk in 32 minutes for you leechies), a bunch of other ppl for helping with bits and pieces of partial translations, and of course me for editing (gotta inflate my ego every now and then).
